APPENDIX I TO THE NOTICE OF ANNUAL GENERAL MEETING DATED 15 APRIL 2021
IN RELATION TO THE PROPOSED RENEWAL OF THE SHARES PURCHASE MANDATE

SUMMARY SHEET FOR RENEWAL OF SHARES PURCHASE MANDATE

The Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) assumes no responsibility for the correctness of any of the statements made, reports contained or opinions expressed in this Appendix. If you are in doubt as to the action that you should take, you should consult your stockbroker or other professional adviser immediately.

(A) Shares Purchased In The Previous Twelve Months

Pursuant to the Shares Purchase Mandate obtained at the Annual General Meeting on 12 June 2020, the Company had not bought back any issued ordinary shares in the capital of the Company (the “**Shares**”) by way of market or off-market acquisitions.

(B) Renewal Of The Shares Purchase Mandate

The Ordinary Resolution No. 8 if passed at the forthcoming annual general meeting to be held on 30 April 2021 (“**FY2020 AGM**”), will renew the Shares Purchase Mandate approved by the shareholders of the Company (“**Shareholders**”) from the date of the FY2020 AGM at which the proposed renewal of the Shares Purchase Mandate is approved until:

- (a) the date on which the next annual general meeting of the Company is held or is required by law to be held;
- (b) the date on which the share purchases are carried out to the full extent of the Shares Purchase Mandate; or
- (c) the date on which the authority conferred in the Shares Purchase Mandate is revoked or varied by an ordinary resolution of the Shareholders of the Company in general meeting,

whichever is the earliest.

(C) Rationale For The Shares Purchase Mandate

1. Short-term speculation may at times cause the market price of the Company’s Shares to be depressed below the true value of the Company and the Group. The proposed Shares Purchase Mandate will provide the Directors with the means to restore investors’ confidence and to protect existing Shareholders’ investments in the Company in a depressed share-price situation through judicious Shares purchases to enhance the earnings per Share and/or the net asset value per Share. The Shares purchases will enhance the net asset value per Share if the Shares purchases are made at a price below the net asset value per Share.
2. The proposed Shares Purchase Mandate will also provide the Company with an expedient and cost-effective mechanism to facilitate the return of surplus cash reserves to the Shareholders, as and when the Directors are of the view that this would be in the best interests of the Company and the Shareholders.
3. The Directors will only make a Shares purchase as and when the circumstances permit and only if the Directors are of the view that such purchases are in the best interests of the Company and the Shareholders. The Directors will decide whether to purchase Shares only after taking into account, among other things, the market conditions at such time, the Company’s financial condition and whether such purchases will cause the Company to become insolvent (in accordance with Section 76F(4) of the Companies Act (Chapter 50) of Singapore (the “**Act**”)), and whether such purchases represent the most efficient and cost-effective approach to enhance Share value. Shares purchases will only be made if the Directors believe that such purchases are likely to benefit the Company and increase economic value for Shareholders.

4. The Directors will ensure that the Shares purchases will not have any effect on the listing of the Company's securities including the Shares listed on the SGX-ST. Rule 723 of the Listing Manual of the SGX-ST requires at least ten per cent. (10%) of the total number of issued shares (excluding Treasury Shares, preference shares and convertible equity securities) in a class that is listed is at all times held by the public. The Directors shall safeguard the interests of public Shareholders before undertaking any Shares purchases. Before exercising the Shares Purchase Mandate, the Directors shall at all times take due cognisance of (a) the shareholding spread of the Company in respect of the number of Shares held by substantial Shareholders and by non-substantial Shareholders; and (b) the volume of trading on the SGX-ST in respect of the Shares immediately before the exercise of any Shares purchase.
5. The Share Purchases would be made only as and when the Directors consider it to be in the best interests of the Company and in appropriate circumstances which the Directors believe will not result in any material adverse effect on the liquidity and the orderly trading of the Shares, the working capital requirements and the gearing level of the Group as well as the financial condition of the Company.
6. As at 16 March 2021 (the "**Latest Practicable Date**"), approximately 197,449,821 Shares (10.18%) of a total of 1,940,512,404 Shares issued by the Company (excluding Treasury Shares and subsidiary holdings) are held by the public. The Company will ensure that the Shares purchases will not cause market illiquidity or affect orderly trade and will ensure that Rule 723 of the Listing Manual is complied with. Accordingly, in order to maintain a public float of not less than 10% of the issued Shares (excluding Treasury Shares and subsidiary holdings), the Company shall not purchase or acquire more than 3,398,581 Shares (or 0.18% of the issued Shares (excluding Treasury Shares and subsidiary holdings) pursuant to this Shares Purchase Mandate.

(D) Financial Impact Of The Proposed Shares Purchases

1. The purchased Shares may be:
 - (a) held by the Company; or
 - (b) dealt with, at any time, in accordance with Section 76K of the Act, as Treasury Shares.

Section 76K of the Act allows the Company to:

- (i) sell the Treasury Shares (or any of them) for cash;
- (ii) transfer the Treasury Shares (or any of them) for the purposes of or pursuant to any share scheme of the Company, whether for employees, Directors or other persons;
- (iii) transfer the Treasury Shares (or any of them) as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (iv) cancel the Treasury Shares (or any of them); or
- (v) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister of Finance.

The aggregate number of Shares held as Treasury Shares shall not at any time exceed ten per cent. (10%) of the total number of Shares at that time. Any Treasury Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months after the limit is first exceeded, or such further period as may be allowed by the Accounting & Corporate Regulatory Authority of Singapore ("**ACRA**").

Under the Act, where Shares purchased or acquired by the Company are cancelled, the Company shall:

- (i) reduce the amount of the Company's share capital where the Shares were purchased or acquired out of the capital of the Company;
- (ii) reduce the amount of the Company's profits where the Shares were purchased or acquired out of the profits of the Company; or
- (iii) reduce the amount of the Company's share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and the profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares cancelled.

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the Treasury Shares will be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution (whether in cash or otherwise) of the Company's assets (including any distribution of assets to members of the Company on winding up) may be made, to the Company in respect of Treasury Shares. However, the allotment of Shares as fully paid bonus shares in respect of Treasury Shares is allowed. Also, a subdivision or consolidation of any Treasury Shares into Treasury Shares of a greater or smaller number is allowed so long as the total value of the Treasury Shares after the subdivision or consolidation is the same as before.

2. The financial effects on the Company and the Group arising from the proposed purchases of the Company's Shares which may be made pursuant to the proposed Shares Purchase Mandate will depend on, *inter alia*, the aggregate number of Shares purchased and the consideration paid at the relevant time.
3. Based on the existing issued and paid-up share capital of the Company of 1,940,512,404 Shares (excluding Treasury Shares and subsidiary holdings) as at the Latest Practicable Date, assuming no further Shares are issued, and no further Shares are purchased or acquired by the Company, or held as Treasury Shares, on or prior to the FY2020 AGM, the proposed purchases by the Company of up to a maximum of 0.18% of its issued share capital under the Shares Purchase Mandate will result in the purchase of up to 3,398,581 Shares.
4. An illustration of the impact of Shares purchases by the Company pursuant to the Shares Purchase Mandate on the Group's and the Company's financial position is set out below based on the following assumptions:
 - (a) audited accounts of the Group and the Company as at 31 December 2020;
 - (b) in full exercise of the Shares Purchase Mandate, 3,398,581 Shares were purchased;
 - (c) the maximum price for the market purchases is \$0.147 which is five per cent. (5%) above the average closing prices of the Shares over the last five (5) market days preceding the Latest Practicable Date on which the transactions in Shares were recorded on the SGX-ST;
 - (d) the maximum amount of funds required for the Shares purchases in the aggregate is \$499,591; and

- (e) based on the full exercise of the Shares Purchase Mandate, the Company does not have sufficient cash to purchase all the Shares. Hence, for illustration purposes, it is assumed that the Company shall use borrowings to finance the Shares purchases.

The results of the Group and the Company for the financial year ended 31 December 2020 may not be representative of future performance.

The Directors do not propose to exercise the Shares Purchase Mandate in a manner and to such extent that the working capital requirements of the Group would be materially affected.
- The Company will take into account both financial and non-financial factors, among other things, the market conditions at such time, the Company's financial condition, the performance of the

Shares and whether such Shares purchases would represent the most efficient and cost-effective approach to enhance the Share value. Shares purchases will only be made if the Board believes that such purchases are likely to benefit the Company and increase economic value for Shareholders.
